VACON0020-3L-0008-4-X+QDSS

VACON0020-3L-0008-4-X+QDSS

VACON® 20 X

7,6 AMP, 380 – 480 Vac

(+DBIN) Brake Chopper, No Keypad

C2 Commercial&Industry Environ, Frame 02 X

Other options according to Model code

Model code: VACON0020-3L-0008-4-X+QDSS

Gain the benefits of extended flexibility wherever a decentralized drive solution plays a vital role. Industry-specific fieldbus support and dedicated hardware variants offer great flexibility in any kind of material handling applications. Customizable application software including built-in support for IEC 61131-1 PLC programming makes it the perfect match for machine builders.

In decentralized solutions space is always at a premium. With its robust and compact design, the VACON® 20 X enables straightforward and easy integration into new and existing machinery concepts and eliminates the need for long shielded motor cable, EMC countermeasures and output filters.

PRODUCT DETAILS
